Mr. Olin Mills, Chairman
Goshen County Fair Board
3027 Monte Vista
Torrington, Wyoming 82240

Dear Mr. Mills:

The Burge Community Club have a project in mind, but before we start to do anything about it we need the written approval and consent of the Fair Board... and I'm not sure who else. Perhaps you can enlighten us.

North of Torrington, 20 miles, on the Van Tassel Road, there is a rural one-room school house that had been called the Midway School. It is gradually falling into oblivion and ruins.

We would like to try to make an attempt to make a museum piece of this school for the county with its location on the Fair grounds.

We feel that once the public knows of such a plan we might get help with the repairs and furnishing from others interested in preserving a replica of the wonderful method of educating the youth in 'Ye Olden Days.'

Would you be willing to spend a little time on a letter to us, letting us know if this could be accomplished with permission, and what all we should do from the city angle, to actually start in on this project?

We will be most appreciative of this effort.

Sincerely,

Mrs. Walter Berry

OFFICE OF MANAGER

Mrs. Walter Berry
North Star Route
Torrington, Wyoming

Dear Mrs. Berry:

At a recent meeting of the Goshen County Fair Board, your request to place the Midway School building in the Fair Grounds was considered.

The Board granted permission to your group to do this. The Board feels that this would be a worthwhile addition to our community.

Very truly yours,

L. Clin Mills

L. Clin Mills, Manager
